### BLAIRMORE LOSES TO LUSCAR

Hockey fans were treated to two excellent games of hockey here on Monday and Wednesday nights of this week, with Luscar Indians challenging the right to enter the provincial intermediate championship finals.

Both games were played on keen ice and were witnessed by about 600 fans at each. The score on Monday night was 4-1 in Luscar's favor, and last night 5-4, making the round 8-5 for Luscar. The games were an exhibition of extremely clean hockey, but very few minor penalties being meted out by Referee Archie M. Tenn.

Last night we noticed in the audience people from Lethbridge, Cardston, Macleod, Pincher Creek, Calgary, Lundbreck, Fernie, Cranbrook, Kimberley, Michel-Natal, and a good representation from Bellevue and Hillcrest. Coleman was also represented strongly, most of whom thoroughly enjoyed the game, but a small element from that town who could not resist the Murphy-born "boon" could have had their money back had they applied for it.

The Blaimore Bears took defeat at the hands of a slightly stronger and more finished aggregation and Blaimore has no apologies to offer. They have taken that defeat in sportsmanlike manner and at the conclusion of the contest heralded rousing cheers for the victors, in which certain visiting fans did not take part, expressing the hope that they continue their round of successes to beyond this province.

Luscar has next to meet Gleichen in the provincial finals. The boys came from Edmonton by auto and left today on their return trip to that city via Gleichen.

### JOHN JOHNSON LAID TO REST AT COLEMAN

The remains of John Johnson, veteran R.N.W.M.P. officer, who died near Spokane on February 18th, were brought to Coleman, where interment took place on Thursday afternoon. The eighty-two-year-old veteran was saluted in death by the six scarlet-coated pallbearers of the R.C.M.P. as his mortal remains were consigned to mother earth.

The funeral service was held in St. Paul's United church, Rev. Roy C. Taylor taking as his text, "Thou shalt come to thy grave in a full age, like as a shock of corn, in full season." The hymns were "Shall We Gather at the River" and "Rock of Ages." The pastor paid tribute to the deceased as a member of the North West Mounted Police, as it was known when first organized, and later as a pioneer farmer in the foothills country. He concluded his address with a message of comfort to the relatives and quoted the beautiful words of the late Robert Louis Stevenson's "Requiem."

Miss Aileen Picard left Monday last for Windermere, B.C., where she will be occupied as accountant in the garage at that point owned by Art Tager. Miss Picard will be handling the same line of General Motors' books as she has been handling at the Crows' Nest Pass Motors here, a position secured through her recent efficiency award with General Motors. A number of afternoon teas were given by Miss Picard's friends before her departure, in which she was the recipient of many beautiful gifts.

A St. Patrick's Tea and Sale of Home Cooking, to be held in the United church auditorium on Saturday, March 18, from 3 to 6 p.m., under the auspices of the Vici Group C.G.I.T. Come and support the girls in their annual drive for funds.

Mr. A. W. Palmer, of Palmers Limited, Calgary, will be at the F. M. Thompson Co's store tomorrow only (Friday) with a complete line of Coats, Dresses and Knit Suits.

### "FRENCH POLICE" OUTDO CUNNING OF CHINESE

The Chinese have no monopoly on "eyes that are dark." Far more secretive, far more interesting, are the men and methods of the world's six greatest organizations of secret police. Scotland Yard, the Northwest Mounted of Canada, United States secret service, Germany's and Austria's super-efficient bureaus, and the French Surete.

From the records of some of these famous agencies was taken the amazing tale developed in RKO-Radio Pictures' "Secrets of the French Police," to be shown at the Orpheum starting Monday. Another feature to be shown on the same programme is "Burk Jones," supported by Ethel Kenyon, in the Western thriller, "Branded."

### BROWN IN FAMILIAR ROLE

Johnny Mack Brown, greatest football player who ever scored a screen touchdown, has a familiar role in Paramount's "70,000 Witnesses," now showing at the Orpheum. It was all half-back for the University of Alabama that Brown first achieved renown, winning a place on the All-American team. He is cast in the same position for the mythical State eleven in "70,000 Witnesses," sharing featured honors with Phillips Holmes, Dorothy Jordan and Charlie Ruggles.

### HILLCREST HAPPENINGS

Mr. and Mrs. G. E. Cruickshank returned from Edmonton on Friday evening. Mr. Cruickshank left again on Sunday for Edmonton.

Mr. J. Shovels took charge of the service at the United church on Sunday evening last.

The marriage of Miss Annie Anderson and Peter Letoc took place on Saturday in the Bellevue Catholic church, Rev. Father Donovan officiating. The young couple intend making their home in Hillcrest.

Mrs. W. Adlam entertained a few friends of her son Leonard on Thursday evening last. Games were played, winners being Jack Dudney and Dick Norton.

Miss Margaret Stevenson was a Calgary visitor over the week end. Mrs. A. Cassagrande left for Edmonton last week.

At a basketball game in Blaimore on Tuesday evening, Hillcrest girls lost to Blaimore by 16-14.

### BLAIRMORE PUBLIC LIBRARY

Books being placed on the shelves this week are:

"Ordeal by Glory," Jams Marshall; "The Tethered Bubble," Fanny Lee Webster; "Lady Can Do," Samuel Merwin; "The Clutch of The Corsican," Alfred H. Bill; "The Feet of The Furtive," Charles G. D. Roberts; "Viennese Medley," Edith Shaughnessy; "Philopena," Henry Kitchell Webster; "A More Honourable Man," Arthur Somers Roche.

The library hours are Tuesdays and Thursdays from 7 to 9 p.m., and Saturdays from 7 to 10 p.m. The fee is \$1.00 per year for residents and \$2.00 per year for non-residents.

Following are the winners in the St. Luke's draw, made at the whist drive Monday night: Out work, Mrs. P. Chardon, No. 251; flour, Rita Brown, 636; sugar, Mrs. Crichton (Hillcrest), 354; spuds, G. A. Visau, 390. Winners at whist were, ladies' first, Mrs. J. Fern; consolation, Mrs. P. McEwen; gents' first, J. E. French, consolation, Mrs. J. R. Warner. The vestry wish to thank all who in any way contributed to the success of the above events.

Eric J. Hargreaves, of Calgary, district manager for Chrysler Corporation of Canada, was a business visitor with their local agent, Charles Sartoris, on Tuesday of this week.

## A Scheme To Raise Prices.

The tremendous decline in prices of all primary products in Canada, in common with similar declines throughout the world; the huge accumulation of unsettled war and other debts; the unparalleled restrictions imposed by nearly all nations upon imports from other nations; the break-down of the gold standard and the resultant upsetting of exchange rates between countries; the stupendous number of unemployed throughout the world, and the loss or purchasing power by practically everybody as a result of these economic disasters and disabilities, have led to making of all kinds of proposals designed to remedy, either temporary or permanently, the situation in which mankind is now floundering.

Many of the suggestions advanced are hopelessly impracticable; some utterly fantastic; and not a few of the so-called remedies would only serve to intensify the disease rather than ameliorate or cure it. Unfortunately, the distress occasioned by the present world economic situation is so great, and people are so much at a loss in seeing any way out of their difficulties, or an early solution to their problems, that thousands of them are in a state of mind where they are prepared to grasp at any and every suggestion, and the more alluring the promises made in support of any given scheme, the greater the danger of people "falling for" something which later on they would bitterly regret.

Included in the suggestions being advanced are numerous forms of "inflation" of money. Some advocate the printing by the Government of tens, even hundreds, of millions of paper money without any reserve of any value held against them. Others demand that steps be taken to bring the Canadian dollar to a parity with the British pound sterling. In scores of communities the issue of local scrip is strongly supported as a means of putting more money into circulation, speeding up business and the payment of debts, and as a means of raising prices of primary products. Some extremists advocate the repudiation of existing debt.

Despite the difficulty of their present situation, we believe the overwhelming majority of Canadian people do not look upon repudiation of debt with favor; rather that they are willing to pay their debts and are anxious to do so, and only want to be placed in a position where they can pay. They feel they can pay their debts in the future, as they did in the past, if they could only obtain a fair price for their products above the cost of production, or steady work at a fair wage.

Because we are convinced such is the attitude of the average man, we are interested in the plan of Colin H. Burnell, past president of the United Farmers of Manitoba, as recently outlined by him in the press. Mr. Burnell proposes what he calls the Collective Produce Clearing Association, and, in brief, his plan is this:

A farmer producer brings, say, a can of cream to a dairy for which he receives a cash ticket for 50 cents. Instead of cashing that ticket, he takes it to the Collective Produce Clearing Association and exchanges it for a Bond of \$1.00. He buys a C.P.C.A. 4-cent stamp which he affixes to the Bond, endorses the same on the back, and then turns it in the same as a one dollar bill on any purchase he may make. The merchant to whom he pays it then adds another 4-cent C.P.C.A. stamp, endorses the Bond to him, and pays it to someone else, who follows the same procedure, until the Bond has fourteen 4-cent stamps, or the equivalent of 56 cents on it, when the Bank will cash it and charge it against the account of the Collective Produce Clearing Association.

What has happened is this: The farmer producer received 96 cents, instead of 50 cents, for his can of cream. His purchasing power was nearly doubled. Each of the other thirteen people who received the Bond and added a 4-cent stamp actually gave a 4 per cent. discount on the price of their goods or services. The C.P.C.A. got the original 50 cent cash ticket from the farmer and the 56 cents paid to it for stamps, or \$1.06, consequently its account at the bank was good for \$1.00 when the Bond was finally presented for payment.

Unquestionably, this is a form of inflation, but there was 50 per cent. cash back of every Bond issued. The 4-cent stamp paid by each holder of the Bond some may argue was in the nature of a sales tax. May it not be even more fairly be called a 4 per cent. discount? And who in these days would not willingly grant a 4 per cent. discount if the volume of business could be practically doubled? As fast as these Produce Bonds were turned over fourteen times, and then cashed, one dollar of money would be placed in general circulation instead of only fifty cents had the farmer cashed his original cream check.

As Mr. Burnell points out, farm produce would flow to market as usual without interfering with prices which are set on an export basis. It would, he further adds, still allow of feeding the unemployed cheaply, but many of these would be absorbed by the greater volume of business which would result.

It is not argued that the scheme is perfect, nor that it is a permanent solution of existing difficulties. It is admitted that it may be considered somewhat cumbersome, but so, too, is the present situation. There may be other criticisms, but Mr. Burnell's plan certainly overcomes many of the objections properly advanced against the usual issue of scrip plan.

One seeming weakness does suggest itself, but it is a detail and does not affect the principle of the scheme. That is, whether the margin of six cents on the dollar, which is all the profit the C.P.C.A. would receive, would be sufficient to cover the costs of operation, including printing of Bonds, stamps, distribution of same to all centres, and the bonding of an agent of the C.P.C.A. in each country town which it is proposed should be done. However, if a 4-cent stamp on each turnover of a \$1.00 Bond was not sufficient for the purpose, a 5-cent stamp, or a 5 per cent. discount instead of four, would no doubt prove more than sufficient.

Mr. Burnell's plan is, plainly deserving of further consideration and study by farmers, merchants, and in fact everybody because one and all are anxious to find some relief, even of a temporary character, from the impasse into which all have been brought and from which all are seeking a way of escape.

London has a new "Black Hand gang."

Black horses are affected by heat more than those of any other color.

Commodity prices in Finland are increasing.

There are 701.3 persons per square mile in England.

## Was So Short of Breath Could Not Lie Down to Sleep

Mrs. P. J. Chernoff, Shoreside, B.C., writes: "I had been so troubled with shortness of breath I could not lie down to sleep. I couldn't do any hard work, or climb stairs, and had nervous and smothering feelings, and became very weak. I tried all kinds of medicine, but could get no relief until after I had taken three boxes of Milburn's Heart and Nerve Pills, and since then I have felt better in every way."

For sale at all drug and general stores; put up only by The W. Milburn Co., Ltd., Montreal, Ont.

## Abolition Of Poverty

American Investigator Has Cheery Word For the Future

W. F. Ogburn, who is Director of the Research Committee of Social Trends which has been set up by the United States Government has a cheery word for the future. He sees ahead, when the clouds have rolled away, that strides will be made towards the abolition of poverty. There are four factors he believes that determine the standard of living—population, natural resources, technology and economic organization.

"If the population is kept small," he argues, "that will be a great help in raising the standard of living. If the nation will plan the utilization of its oil, coal and other natural resources, eliminating the prodigious wastes of present-day organization, natural resources will be abundant for many years to come, and rising costs may be postponed."

"New inventions and new machines will be a great aid to raising the standard of living, the technocrats to the contrary notwithstanding, although they do for a time take jobs away from many men. Advancing technology will do far more to give us all more of the good things of life than any redistribution of wealth. The greatest difficulty to be overcome in raising the level of life is the economic organization, which has many serious weaknesses, but which is in no way in danger of collapse, unless there is another big war or a revolution."—Winnipeg Free Press.

## Polarograph Is New Device

Instrument Has Been Perfected Which Analyzes Any Substance

The polarograph, a new instrument for chemical analysis of substance, liquid or solid, which, by the pressing of an electric switch, automatically registers on a paper in four or five minutes both the kind and the amount of chemical substances present, was described at New York by the Carnegie Endowment for International Peace.

Among the many uses for the new instrument, it was explained, is an almost instantaneous analysis of the contents and quality of all alcoholic liquors, which at present takes considerable time and expense. By the pressing of the button, the polarograph will at once draw tell-tale curves on the paper which will tell exactly the kind of alcohol the liquor contains as well as the percentage.

## Mongolian-Japanese

## Dictionary Completed

Is First Of Its Kind and Contains 2,000 Pages

After 15 years of work, Major Kenji Shimomaga of the Japanese War Office has completed a Mongolian-Japanese dictionary, the first of its kind, which will be published shortly by the army. It is a book of 2,000 pages.

The army long has given close attention to the study of foreign languages and has in its language school experts on nearly all tongues. Major Shimomaga has specialized Mongolian, Chinese dialects, Manchu and Tibetan. He had to design special type to reproduce the intricate Mongol characters appearing in his dictionary.

## The Next Metal Age

Aluminum Will Be Widely Used Says American Professor

Civilization's next metal age will be that of aluminum. Prof. Colin G. Pink tells the American Institute of Electrical Engineers radical changes will come to the basic industries in 10 years through applying aluminum to chemical processes, with aluminum a chief product. Aluminum trains will roll along at 100 miles an hour; aluminum steamships will rip across the Atlantic; aluminum airplanes will drop weight and gather speed; skyscrapers will rise taller with aluminum floors and glass walls. This is big news—it might even lead to tickle technocracy out of its hopelessness.—Christian Science Monitor.

## Small Wonder

A press despatch from Galt, Ontario, states that seventy guests at Burns banquet were lamed by lemonade served there. Lemonade at a Burns banquet! Shades of the immortal poet! No wonder the guests were ill.

## "Fruit" Hardly Right

The St. Thomas Times-Journal describes Canadian-made cod liver oil as "one of the fruits of the Imperial Conference." This Colyton can only say that anyone who thinks cod liver oil a fruit should have to take it as a punishment says the Toronto Star.

W. N. U. 1933

## The Instinct Of Birds

In Just Acute Sense Of Sight and Hearing

The mystery of how migrating birds find their way unerringly to their destination will probably be dispelled by further field observations, it is predicted.

Repeated observations of the behaviour of migrating birds have convinced Prof. Patten of Sheffield University, that they are not guided by any "special sense" but that they find their way by watching their surroundings and by profiling from experience.

"Birds possess an 'eye-brain,'" he says. "Their sense of vision is extraordinarily acute and by no means indiscriminating. It seems unreasonable to brush aside the idea that migrants may obtain guidance by taking stock of landmarks. Furthermore, the sense of hearing can play a part. The wash of the waves is a reminder to hug the coast—the guide-line of primary importance. The courses of great rivers are followed by overland migrants."

"Birds band together for the trip, thus giving the untravelled young an opportunity to be guided over the route by adults who have already been over the ground."

In thick weather migrating birds get astray, and arriving at unaccustomed haunts are classified as rare and accidental vagrants. When the gloom deepens the voyagers become sorely handicapped, while a dense and prolonged fog will put the brakes effectively on migration."

## Fewer Sea Fish Caught

Fishermen Curtailed Efforts Last Year Because Market Was Poor

Excellent reasons for eating Canadian fish are that fish are nourishing and health-making foods, and that Canadian fish are unexcelled in quality. We call attention to these facts in the hope that people will eat more fish, and in that way, assist the fishermen to make a better living.

The Fisheries News Bulletin, issued by the Department of Fisheries, Ottawa, states that exclusive of the catches from one or two minor fisheries on the coast from Canada's west coast, fishing operations in 1932, as shown by unreviewed statistics, totalled approximately 7,120,000 pounds. This total was smaller than the sea fisheries total for 1931 because with economic unsteadiness continuing throughout the world during 1932 the fishermen curtailed their fishing effort. The reduction in landings reflects market disturbance. Plenty more fish could have been taken from the Dominion sea fisheries resources if the market situation had warranted greater catching efforts.—Toronto Mail and Empire.

## Ban Is Lifted

Freight May Now Be Shipped To Churchill Without Permit

Further indications of the opening of Churchill to the public this year is seen in the recent ruling on the Hudson Bay Railway to the effect that freight may now be shipped to Churchill without a permit.

A similar ruling applies to passenger traffic. Since the steel reached Churchill in March, 1929, it has been necessary to have a permit to enter the port or ship goods to the sea. This ruling was the subject of much criticism, among traders and others who had business in the far north. Last year the road was open to the public as far as Gilmour Mile 327. Permits were required from that point to sea.

The new ruling lifting the permit ban came without publicity or advertising. Railroaders say that it was the desire not to encourage a trek in the direction of the new port while the townsite lacked facilities for handling transient traffic.

## Colorful Rubber Dishes

Pale plastic crepe rubber, said to be odorless and tasteless, is being used to make plates and tumblers at Akron, Ohio. The new "unbreakables" are being made in brilliant and artistic colors, and they are expected to displace the old blue porcelain, the decorated china and the glass and paper utensils for general use. The rubber can be colored with any desired pigment.

## A Gigantic Apple

Cordelia, Georgia, has a replica of an apple in steel and concrete, 22 feet in circumference, as a monument in its public square. The "apple" weighs 5,000 pounds and is mounted on a base eight feet in height.

Australia expects bumper 1933 crops.

## Friends..

## Roll your owners... Countrymen!

Lend us your ears! Ogden's Fine Cut cigarette tobacco is just right to "roll your own." It measures up in every way to a man's notion of what a cigarette tobacco ought to be!

Easier to roll for one thing. And a far better cigarette when the rolling's done and you light it up. Yes, sir, You'll like Ogden's Fine Cut. It gives you the combination you're looking for in cigarette tobacco... fragrance... sweetness... absolute satisfaction. That's worth a cheer any day!

P.S.—Free "Chantecler" cigarette papers with every package.

## OGDEN'S FINE CUT

Your pipe knows Ogden's Cut Plus

## Brevity In Speech

Ontario Judge Thinks Half Hour Address Long Enough

Much may be said for the statement made by Judge Hallowell when questioned by a reporter recently in Bowmanville, Ontario, as to the reason that he only spoke for 30 minutes at the Women's Canadian Club. Judge Mott said that any man should be able to express all he has to say in 30 minutes and if he could not then he should not rise to speak. Some men are notoriously long winded in an address, so long-winded in fact, that by the time they have concluded their talk the cheer are to one that the audience have completely forgotten the first part of his remarks.

## Saskatchewan Power

Commission Shows a Deficit Of \$50,979 For Year

Despite an operating profit of \$132,217 for the year 1932, the balance sheet of the Saskatchewan power commission showed a deficit of \$50,979, when provision was made for depreciation charges, according to the annual report table in the legislature by Hon. J. H. Merkle, Minister in charge.

The report indicated that no new undertakings nor extensions had been embarked upon by the commission in 1932, the second year in which the activities of the commission have been confined almost solely to operation of existing systems.

The output of gold from the placer deposits of the Yukon territory in 1932 had a value of \$900,000. In 1900, the greatest year of the Klondike gold production, the output was valued at over \$22,000,000.

## REPEAL MEASURE IS GIVEN A SIX MONTHS HOIST

Ottawa, Ont.—Section 98 stays in the criminal code as a bulwark against Communism, the House of Commons decided. With every Conservative and six French-speaking Liberals against it, the Woodsworth repeal resolution was given the six months hoist, 89 to 45—just another parliamentary way of defeating it.

Not even a last-minute appeal from James S. Woodsworth, leader of the Co-Operative Commonwealth Federation, sponsor of the repeal motion, could stem the tide. The slender, bearded Labor leader, at one time a minister of the gospel, said he was not advocating force or violence, but was attempting to remove vicious and oppressive legislation from the statute book.

"I am opposed to force. I have never advocated it," said Mr. Woodsworth, punctuating his words by pounding on his desk. And with almost a smile of disdain on his face he announced he was not a Communist—on the contrary he was an avowed enemy of Bolshevism.

At the same time he belittled efforts by Conservatives to prove he was in league with Moscow and asked them to discontinue personal attacks on himself and reply to his arguments.

The eight Toronto Communists now serving time in Portsmouth penitentiary after convictions under section 98, received more than passing reference by the Commonwealth leader. These men, he said, were not convicted of advocating violence to overthrow constituted authority, but only by belonging to the Communist organization which, in turn, was affiliated with Moscow organizations which advocated violence. It was proper to combat Communism "but I want to do it through lawful means."

Debate on the Woodsworth resolution had been progressing over a week. Hon. Hugh Guthrie, Minister of Justice, moved the six months' hoist which in effect meant defeat of the resolution. Section 98 confers on the Dominion authorities wide power to combat those who advocate force and violence, dealing specifically with sedition and unlawful organizations.

### A Strange Paradox

Banks Of France Glutted With Gold While Struggling With Debt

Paris, France—France presents the world's great paradox. Her banks and vaults are glutted with gold and yet she is struggling to make both ends meet.

The senate has voted one month's interim supply. It has approved the 5 per cent cut in civil service salaries over 9,000 francs, and it has reduced parliamentary indemnities by 10 per cent. But the senate is pronounced on the principle of not reducing military credits.

For a time, therefore, the financial struggle passes from the Upper House. But throughout the country uneasiness grows. On the billboards are monarchist manifestos from Duc de Guise—France's claimant king in exile—which attack workers' appeals for a united front.

The newspapers ring with a strident cry for more economy. On the heels of a strange picket strike, shopkeepers in the provincial towns are closing in protest against higher taxes.

The taxpayers' federation has appealed to the consumers to line up with the shopkeepers and protest the "cost of living cut not increase while income and salaries are falling."

Chambers of commerce up and down the country are resolving for economy and for equality in taxation. And linked with the struggle over finance is the dispute over what is considered a growing menace to peace across the Rhine.

The government is reported to have a wide army reorganization scheme under review. The plan is to strengthen still further the line of concrete and steel with which France protects her eastern frontier.

Divisions are now scattered through the country, but these will be massed near the frontier.

**Jap Nationals In Danger**  
Tokyo, Japan—A government spokesman said there was "real danger" Japan would be compelled to take steps to protect Japanese nationals in Peking and Tientsin endangered by the impending military campaign to conquer the province of Jehol, to the north.

## British Trade Improves

Not Only Recovering, But Shaping a New Britain

London, Eng.—The United Kingdom imported more from the dominions during 1932 than ever before and its exports to empire countries also increased in the same period.

Commenting on these trade statistics published here, Leslie Hore-Belisha, financial secretary to the treasury, declared in a London speech, "we are not only recovering but are shaping Britain anew."

A general improvement in British trade statistics which show the debt balance fell last year from £104,000,000 in 1931 to £59,000,000 in 1932 and that the adverse trade balance for the same period was reduced from £468,000,000 to £289,000,000, is noted in the statistics.

After reciting figures which testified to increased trade in several departments, Mr. Hore-Belisha proclaimed the trend "one of the most miraculous rehabilitations ever recorded in history."

"If we had the same invisible receipts as we had in 1931 we should actually be £15,000,000 on the right side," he continued. "We imported less food and more raw material and exported more manufactured goods in 1932 than in 1931."

## Returning Arms To Italy

Austrian Government Sending Back Rifles and Machine Guns

Vienna.—The Austrian government will speed the return to Italy of 50,000 rifles and 200 machine guns over which an international situation occurred, Chancellor Engelbert Dollfuss has announced.

"If we had the same invisible receipts as we had in 1931 we should actually be £15,000,000 on the right side," he continued. "We imported less food and more raw material and exported more manufactured goods in 1932 than in 1931."

The chancellor said he did not plan to make any formal reply to the note, which suggested the transportation of the arms violated the St. Germain treaty.

He contended there had been no violation of the treaty. Nevertheless, he continued, the Austrian government will speed up as far as possible the completion of the "repair" of the weapons shipped from Italy. Italy is now willing to have the arms sent back as soon as possible.

## Barter Plans

New Proposed To Conduct Trade Without Financial Guarantees

Calgary, Alberta.—Bona fides satisfactory to the Federal Government have been established and the syndicate sponsoring the bartering of Canadian livestock for oil and coal from Soviet Russia is now prepared to conduct the trade without financial guarantee from the Canadian government.

This was the declaration of G. G. Serka, head of the syndicate, in a telegram to the annual convention of the Western Livestock Exchange. The convention went on record in support of the barter plan and urged immediate completion of details.

Mr. Serka's telegram said the only assurance now required was that variations in customs regulations detrimental to Soviet products would be placed against them during the life of the agreement. The convention by resolution asked that this assurance be given.

## Japs Press Forward

Railway Line In Manchuria Has Been Seized

Chinchow, Manchuria.—The entire Chinchow-Pelipao railway was in the hands of the Japanese army, and in the Pelipao terminus they were provided with an excellent railroad jumping-off place for their drive to clear the Chinese forces out of the province of Jehol.

When General Yoshimichi Suzuki's troops marched into Pelipao they found the city deserted. The railroad tunnel from Nanling, a few miles to the east, had been damaged by the Chinese, who also attempted to blow up a bridge to check the Japanese advance.

From Pelipao the Japanese will move across the province to the city of Jehol. Thus far, according to army sources, the operations have been merely preliminary to the major offensive.

## To Carry On

New York.—President-elect Roosevelt has invited Norman H. Davis to continue as head of the United States armament delegation, and gave him orders to carry on the present American policy in this respect.

## Inquiry Into Spread Between Milk Prices

Premier Bennett Gives Notice Of Move In House

Ottawa, Ont.—Premier R. B. Bennett has given notice he will move in the House of Commons to empower the agricultural committee to inquire into the spread between milk prices in Canada. He would instruct the committee "to ascertain the facts connected with the production, collection, manufacture, distribution and marketing of milk and milk products throughout the Dominion of Canada, with power to examine and inquire into all aspects of the question and report their findings to the House."

## Assessment Is Cut

Vancouver Cuts \$500,000 From Taxation On C.N. Property

Vancouver, B.C.—Civic assessment on the uncompleted Canadian National hotel was dropped \$500,000 to \$2,000,000 by the city council sitting as a court of revision.

Valuation on the Canadian National Steamships dock at the foot of Main Street was reduced at the same time from \$800,000 to \$750,000.

In all, the city of Vancouver relinquished taxation this year on \$500,000 worth of improvements owned by the Canadian National Railways.

## NOW LOOKING FOR RECIPROCAL TRADE WITH U.S.

Ottawa, Ont.—Early initiation of negotiations with the United States looking to a reciprocal trade agreement are favored by the Liberal party. At a caucus of Liberal members of the senate and House of Commons the reciprocity resolution brought before the House of Commons by William Duff (Lib., Antigonish-Guyavou) was endorsed.

The action of the Liberal parliamentarians found a debate in the House of Commons; in which Premier R. B. Bennett stated the government was ready to enter into a reciprocal trade agreement, but expressed his belief the present was not an opportune time to launch negotiations.

The only definite immediate result of the Liberal caucus decision seen in parliamentary circles is that Mr. Duff's resolution will not be withdrawn, as Mr. Bennett suggested. It will be made the subject of further debate and, if time permits before private members' periods are cut off, will be forced to a vote.

New York.—A special Washington despatch printed in the New York Times says Henry Morgenthau, 2nd, close counsel of President-Elect Franklin Roosevelt, made a recent visit to Ottawa, and it links the visit with present talk in Ottawa of trade reciprocity between the Dominion and the United States.

The despatch declares the American president-elect sent Mr. Morgenthau, son of the former American ambassador to Turkey, to Ottawa for the express purpose of ascertaining prospects for working out a reciprocal tariff understanding. It does not state, however, which Ottawa official, if any, were interviewed by the emissary.

## A NEW WORLD'S RECORD

The "Bluebird II," which covered the course at Daytona Beach in a new world's record, Sir Malcolm Campbell, British Speedster, set up a new mark of 272 miles per hour. Extensive alterations were made to the "Bluebird" to greatly increase its power.

## FINANCE MINISTER ILL

Hon. E. N. Rhodes, Canadian Minister of Finance, who took up his duties at Ottawa ten days ago against the advice of his medical advisers, has been again forced to relinquish his duties owing to ill-health. This means that the Prime Minister may have to prepare the 1933-34 budget.

## Mystery Over Prisoner Disturbs British House

Members Seek Facts About Officer Confined In Tower

London, Eng.—The House of Commons took on a mediaeval flavor as the members badgered the government over the mystery of the officer in the Tower of London.

Laborites and Conservatives alike showered questions as to the circumstances surrounding the imprisonment of Lieut. N. Ballie-Stewart, of the Seaforth Highlanders, who will probably face a court-martial early this month, on unspecified charges pertaining to the violation of the Official Secrets Act.

G. Buchanan, Clydesdale left-winger, demanded to know why ball was not allowed the prisoner, while Winston Churchill joined in the general interrogation by questioning why it was not possible to detain an officer under arrest in Aldershot.

Duff Cooper, financial secretary to the war office, stated the charge against the officer was that of offence under the Official Secrets Act and he would probably face a general court-martial early in March.

"He is detained in the tower," continued the government spokesman, "because it is the most convenient military establishment for that purpose."

"He is under no compulsion to take exercise at a time when he can be seen by the general public," replied Mr. Cooper.

## Coal Bonus Continued

Ottawa, Ont.—Federal assistance in the movement of Canadian coal will be continued at least until the end of the fiscal year of 1933-34, Hon. W. A. Gordon, Minister of Mines, told the House. The estimate this year is \$250,000 greater than last year because of the extra movements of coal under the subventions agreement.

## Ask Aid From Dominions

London, Eng.—Through belief in the future of the British Empire and the wish that the Dominions and colonies would help the United Kingdom were expressed at the luncheon of the Canadian Chamber of Commerce by Lord Derby.

## Eminent Lawyer Dead

John W. Ewart, K.C., Started Practice Of Professions In Winnipeg

Ottawa, Ont.—Delfin has closed the long career of John W. Ewart, K.C., one of Canada's most eminent constitutional authorities, distinguished lawyer and author. He was 85 years old and had been in his 55 years, when he suffered a heart attack.

Mr. Ewart was widely known for his championship of the cause of Canadian autonomy. He held the view this country should be an independent nation long before the present Dominion status within the empire was defined.

Born and educated in Toronto, Mr. Ewart went west after he was called to the bar and after practicing his profession with success in Winnipeg, came to Ottawa to carry on an extensive supreme court practice.

He was the author of several authoritative legal text books and of many essays, articles and pamphlets on constitutional, political and historical subjects.

## Appeal Of Colombia

League Of Nations Tries To Find Means Of Settlement For Amazon Conflict

Geneva, Switzerland.—The council of the League of Nations heard the appeal of Colombia for intervention by the League against Peru's "aggression," undertook to find a just pacific settlement for the conflict on the upper Amazon.

A committee of three was instructed to study the problem and through consultation with Colombia and Peruvian representatives seek a solution upon a basis of conciliation as provided by the League covenant.

## CAMPBELL SETS A NEW WORLD SPEED MARK

Daytona Beach, Fla.—Great Britain's dominance in the realm of speed was skyrocketed to new heights by Sir Malcolm Campbell in a daring race against time along the ocean speedway here.

In two blistering runs over the hard-packed beach, the 48-year-old driver streaked to a new world automobile speed mark of 272.4 miles an hour over a measured mile route to climax a quarter of a century of record-smashing achievements.

He also established a new record of 272.45 miles an hour over one kilometre on the same trials, and 237.295 over a five-kilometre course.

Driving a long, streamlined Bluebird car, equipped with a 2,500-horsepower aeroplane motor, Sir Malcolm clipped .94 of a second off his own previous record of 253.968 for the mile and increased the mark by 18.440 miles an hour.

On his first run the British driver attained the astounding speed of 273.556 miles an hour as he roared over the beach, paralleled on one side by a pounding surf and on the other by high, irregular sand dunes from which thousands of spectators looked on. His time for the mile on that run was 13.16 seconds. His second trial, made in the opposite direction, was clocked at 13.30 seconds for a speed of 270.676 miles an hour.

Returning to the grandstand after his trials to be greeted by cheering spectators, Sir Malcolm characterized his race as "the worst ride I ever had in my life." He was forced to steer the bouncing car over the course with only one hand, as he had injured the other a week ago in making repairs to the machine.

Sir Malcolm covered the kilometre, which is approximately five-eighths of a mile, in 8.18 seconds for a speed of 273.463 miles an hour on his first run. On his second run over that distance he was clocked at 8.24 seconds for a speed of 271.472 miles an hour. The kilometre was marked off inside the measured official mile.

In setting up a new record for five kilometres, Sir Malcolm attained a two-way average speed of 257.295. His previous record for that distance established here last year was 247.941.

Following his epochal race, Sir Malcolm indicated he would not make another attempt to boost his newly-established record.

He said he could not race again so long as his sprained arm was painful him, and he expressed a desire to go to New York as soon as possible to sail for England.

Sir Malcolm said he was satisfied with the performance of his car under such adverse conditions, but he was confident that, given a better beach and good visibility, he could place the record much higher.

## BILL TO LOWER FREIGHT RATES IS DEFEATED

Ottawa, Ont.—The House of Commons turned down a bill designed to lower freight rates on grain moving westward from prairie points. By a vote of 97 to 56 second reading was turned down after Hon. R. J. Manion, Minister of Railways, said the four western provinces had agreed to a proposal to reduce by 50 per cent the spread between export and domestic rates on feed grain.

The measure was sponsored by Thomas Reid (Lib., New Westminster), who claimed discrimination was being shown against British Columbia in grain rates.

The four western provinces, said the railway minister, had agreed to a proposal, first discussed at the Dominion-Provincial Conference, to reduce grain rates. He suggested there be action against the Reid bill until this had been settled.

Conservatives voted solidly against the Reid bill and were joined by two Laborites, A. A. Heaps, Winnipeg, and Humphrey Mitchell, Hamilton. Liberals supported it to a man.

Dr. Manion, Minister of Railways, expressed surprise the member for New Westminster had pressed the bill to a vote after the announcement by the minister that a temporary rate agreement had been reached, satisfactory to the governments of the four western provinces.

## Enfranchising Indians

Opposition Is Encountered At Ottawa Over Proposal

Ottawa, Ont.—Hon. T. G. Murphy, head of the Indian Department, raised a storm of protest in the House of Commons when he proposed changes in the manner of enfranchising Indians. Opposition members claimed he was seeking power to compel Indians to become naturalized Canadians.

An amendment to the Indian Act was proposed empowering the superintendent-general of Indian Affairs to appoint a board which, after inquiry might report on the status of any Indian to be enfranchised.

The clause to be repealed provided that action must be preceded by the application of an Indian, or a band of Indians following a majority vote of the band.

Mr. Murphy said there are in Canada many Indians who should accept the full responsibilities of citizenship. He gave an instance of an Indian who was engaged in manufacturing, but who sought to evade the Sales Tax as a ground he was a ward of the government. The bill proposed to give the superintendent-general power to deal with such cases.

## Advocate More Spending

Crusade In Britain To Spend For Unemployment

London, Eng.—In Great Britain municipal authorities have joined a crusade to spend more. Streets in Faddington are hung with streamers "Spend for Employment." Posters remind the over-thrifty that "idle money means idle hands," that "when money stops buying someone stops making."

"We have in my view," says Sir Arthur Salter, former director of the League of Nations economic section, "gone much too far in discouraging useful capital expenditure by local authorities. Our finances and our credit are now in a better position than that of any other great country."

## Scouts Honor Head

Ottawa, Ont.—The Dominion's 62,000 Boy Scouts and 30,000 Girl Scouts, Feb. 22, maintained the Canadian link of the unique world chain of banquets, which annually celebrate the birth birthday of Lord and Lady Baden-Powell, respective heads of both organizations throughout the world.

## Asks For Correspondence

Ottawa, Ont.—George Coote, United Farmer member for Macleod, seeks all correspondence passed between the province of Alberta and the Dominion Government relating to the failure of the City of Calgary to pay New York premiums on a bond issue at the new year.

In Germany, sugar—both for cattle feed and for the human consumption, is produced on a commercial scale from wood waste.

W. J. BARTLETT, PUBLISHER

Blairmore, Alta., Thurs., Mar. 2, 1932

Elsewhere in this issue will be found the auditor's report and financial statements of the Town of Blairmore and Blairmore School District 626 for the year 1932. In the face of all the trash that has appeared in the daily press during the past two weeks against this town, the statement should speak for itself. The challenge has been issued to any town or school district of 1700 population to show a better statement. As a matter of fact, the town will meet its final debenture on December 1st of this year, and by 1935 the school district will be absolutely free from all indebtedness. In spite of the hard times through which we passed in the year just ended, it is interesting to note that the bank funds of town and school were stronger to the extent of nearly three thousand dollars at the end of the year than they were twelve months previous. The financial position of the town is excellent. There will be no necessity to consider new means of raising revenue.

SEEN FROM THE GALLERY OF  
THE ALBERTA LEGISLATURE

Edmonton, Feb. 24, 1932.

The debate on the Speech from the Throne was concluded on Thursday afternoon, the 23rd. All parties and groups of the House took part. The general impression was that the government forces, for some reason or other, did not show up very strong in the debate. The Premier, through illness, did not participate. It is generally felt that the forces of the government are not unanimous in their new alignment with the C.C.F. movement. When the government is referred to as the C.C.F. Government it is taken as a compliment by the extreme radicals of the U.P.A. and resented by the sane element of the old U.P.A. movement which seems to be now dominated by the C.C.F.

Highlights during the week:  
1. Hugh J. Montgomery, of Wetaskiwin, suggested the reorganization of the telephone system, that it might be saved as an asset for the people of the province.

2. Dr. Atkinson described the C.C.F. movement as a "quick remedy" for the present economic conditions, when speaking in the legislature on Tuesday.

3. Capt. H. H. Dakin, on Tuesday, on the floor of the legislature, demanded a probe into the Liquor Control Board's handling of liquor samples. He charges that the names of persons to whom liquor was given for sampling purposes were not kept by the Board. Why, he asked, is it necessary to sample famous brands well known for their quality? The free liquor samples given to the government are estimated to be about \$14,000.

4. Joseph Dechene, member for Beaver River, regretted that the tendency of the C.C.F. movement was to deprive the youth of the nation of the right of private ownership of their own homes.

5. Mr. Payne, member for Red Deer, took the Minister of Agriculture to task for permitting unnecessary waste by having numerous officials attend the various fairs.

6. John Irwin, member for Calgary, urged the appointment of a fair price licence board when making an attack upon "coulless corporations" during an address in the legislature on Friday.

7. J. J. Bowlen, member for Calgary, brought to the attention of the legislature the fact that horses were doped at the Calgary and Edmonton race meets. He entered a strong protest.

## Blairmore Expects This Day Every Wage Earner To Do His Duty

Blairmore, Alberta, February 20th, 1933.

At the first regular meeting of the Blairmore Town Council, notice of motion to introduce two by-laws as provided for by Sections 292, 293 of The Towns Act—Business Tax and Personal Property Tax—was made. It is the Law. The receipts from the said by-laws are for relief purposes only, and for assistance of our unemployed, who are many.

This is of vital importance to all employers of labor, secretaries of organizations and any individual wage earner.

As taxation is costly, tedious and slow, we would like to avoid imposition of the same. There is at present one other method being employed, viz: A voluntary 5% contribution by the M.W.U. of C., who are in the great majority. Others in the Town who are in favor of this, are: (1) Local School Staff, (2) F. M. Thompson Co., (3) some of the officials of the West Canadian Collieries. The M.W.U. of C. have up to the present time donated \$2,000.00 to this worthy cause, proving that the Christian feeling is not yet dead in some places.

Furthermore, we as Loyal Canadians deem it our duty to help the Government in these times of stress and relieve them of some of their responsibilities, consoling ourselves with the thought that it is more blessed to give than receive.

This movement, to be perfect, must be 100%, and on the result of this appeal the future actions of the council must be governed. It is quite evident that the Government cannot or will not make adequate provision for the unemployed, and until such time as their relief scheme functions in a better manner than at present, it is up to us. We all know that 20 cents per day is not enough for a man in the prime of his life and we deem it our duty to augment his meagre sustenance without hurting any one else to a great extent. The donors are still retaining 95% for their personal use, and should be thankful they are not on the receiving end.

We have come to the conclusion, after a great deal of deliberation, that redness is the state of the stomach. It is time that people's opinions regarding this color business were changed, and that we get together as we were previous.

"God made man after his own image" and evidently meant them to be fed pretty much alike. We are of the opinion that he was right, therefore the above by-laws.

There is no form of taxation which is justifiable in the present case, as it is impossible to reach all parties; so, this 5% contribution is the only suitable method and should go over big.

In so far as this is a "One" industry Town and we are all dependent on that industry, there is no doubt that we are responsible for this unemployment, as the said industry formerly absorbed all these unemployed. Until such a time as these unemployed procure work, or are provided for, we are responsible for their care. So Be It.

WILLIAM KNIGHT, Mayor of the Town of Blairmore

BLAIRMORE UNITED CHURCH  
Rev. Albert E. Larke, Minister

"Serve the Church that the Church May Serve You."

Services Sunday, February 26th.  
11 a.m.—Senior School.  
2 p.m.—Junior School.  
7:30 p.m.—Young People's service.

## ST. LUKE'S CHURCH NOTES

Rev. A. S. Partington, B.A., Rector

Next Sunday is the first in Lent. The services will be as follows:  
Sunday School at 10 a.m.  
Holy Communion and address at 11 a.m.

Week-day services will be held every Wednesday as follows:  
Children's service at 4:15 p.m.  
Evensong and address, "Some thoughts on Living the Christian Life," at 8 p.m.

We understand that the management of the Luscar Indians will endeavor to have their second game with Gleichen played either at Lethbridge or Blairmore. Well, there's this about it, we can guarantee the best sheet of ice in Alberta. The first game, at Gleichen, will be played Saturday night.

C. J. Tompkins is one of the first to become owner of one of the new 1933 Chrysler sedans.

Andy Hnatyahn, former coal assayer here, but who for the past several years has been located at Luscar, accompanied the Luscar Indians to Blairmore as manager.

One red is perfectly within his rights in calling another red a red. That brand of brotherly love should exist.

A school teacher was cashing her monthly salary cheque at the bank yesterday. The teller apologized for giving her old bills, saying: "I hope you are not afraid of microbes." "Not at all," she replied. "No microbes could live on my salary."

## CARD OF THANKS

Mr. and Mrs. J. Wolsenhofme and Mrs. Fraser and family desire to thank all friends for the many acts of kindness shown to them during the illness of their mother, and for sympathy in their and bereavement; also to those who loaned cars for the funeral and for the beautiful floral tributes, which included the following: Pillow—Family: wreath—Mrs. Archer and Mr. and Mrs. W. Turner, Mr. and Mrs. R. Dicken (Kimberley), Officers and Members of Greenhill Temple Pythian Sisters, Livingstone K. of P. Lodge, Mr. and Mrs. G. A. Vissac, Mr. and Mrs. J. A. Brusac, Mr. and Mrs. D. Rees and Donald, Mr. and Mrs. G. Brown and family, Mr. and Mrs. W. Oliver and family, Mr. and Mrs. E. A. Harper and family, Mr. and Mrs. Jack Patterson; sprays—Mr. and Mrs. I. Comfort and family, Mr. and Mrs. R. Smallwood (Calgary), Grand Temple Pythian Sisters, Miss E. Kidd, Mr. and Mrs. W. G. Pearson, Mr. and Mrs. J. Glendenning (Coleman), Agnes and Bert (Calgary), Mr. and Mrs. J. R. Smith, Mr. and Mrs. D. R. McKay, Mrs. S. McKay, Alex and Tommy, Mr. W. Goddard, Mr. and Mrs. L. P. Robert, Winnie and Bob (Kimberley), Mrs. F. M. Pinkney and Roland, Mr. and Mrs. R. Gray, Mr. and Mrs. J. McPhail and family, Mr. and Mrs. F. M. Thompson and family, Mr. and Mrs. W. Oakes and family, Mr. and Mrs. G. Meffan and Isobel, Mr. and Mrs. W. H. Chappell and family, Alfred McKay, Ladies Aid of Blairmore United Church, Mr. and Mrs. P. Montalbelli, Mr. and Mrs. R. W. H. Pinkney, Vici Group C.G.L.T., Mr. and Mrs. J. B. Wilson, Mr. and Mrs. W. McVey, Mr. and Mrs. W. L. Evans, Mr. and Mrs. T. Dawson and family (Kimberley), Crowview Rebekah Lodge No. 66, cut flowers—West End Circle, Mr. and Mrs. H. Moore and family, Mr. and Mrs. Greig and Mrs. Merrifield.

An Edmonton United Church item states: "Rev. J. W. Smith, newly-inducted pastor of Highlands church, invigorates all branches. Twentieth anniversary of Ladies' Aid celebrated, with Rev. G. H. Villet as guest speaker. Total amount raised \$5,286, of which the W.M.S. raised \$449. Reports excellent. Maintenance objectives stressed. Exceptional activity in Sunday school." Rev. Smith was, up to last year, pastor of the United Church in Blairmore, while Rev. Villet was a former pastor of the Pincher Creek United Church.

"Should a woman cling to her youth?" asks a beauty expert. She sure should, unless she wants to find some other woman clinging to him.

### CORRESPONDENCE

Edson, Alberta,  
February 26, 1933.

The Editor,  
The Blairmore Enterprise,  
Blairmore, Alta.

Dear Sir:—A copy of your widely read newspaper, the Blairmore Enterprise, containing the sad tidings of the catastrophe he that had befallen the town of Blairmore in the recent municipal elections and conveying the astonishing information of the ghastly triumph of the disciples of advanced thought and weird theories at the polls, was rapidly passed from hand to hand and as a result a mass meeting was hurriedly called in the Steeple-auditorium, with Mr. W. (Bunko Bill) Halbert presiding, and his demonic nephew acting as master of ceremonies (passing the jug).

Upon motion the following resolution was unanimously endorsed:

Resolved: That we, the respectable citizens and others of this enterprising community do heartily congratulate Mr. Knight and his effervescent cohorts, and also the towns of Edson, as well as all other towns in this fair province, on his selection as chief magistrate of the town of Blairmore.

A motion to wire congratulations, collected, to Mr. Knight was voted down after the chairman pointed out that Mr. Knight was already the recipient of at least one congratulatory wire, charges collect, as follows:

"Mr. Wm. Knight,  
Mayor Elect,  
Blairmore, Alberta."

Heartiest congratulations on your splendid achievement. Will you consider Knighthood, or are you already sufficiently benighted?

(Sgd.) Ramsey McDonald.

The predicament of Mr. Ferguson, defeated candidate, called forth considerable friendly discussion and a

Knight of the Green Table finally suggested that we go on record recommending, and promising full moral support as well as such financial aid as could be spared from the burial fund, that Mr. Ferguson contest the majority election in Coleman next year, as according to all reports that town was very very defective indeed, and urgently required the services of an undertaker to be properly interred.

This suggestion was enthusiastically received and a motion to that effect duly passed amid loud and prolonged applause.

The discussion also brought forth the trite remark from W. Tannysen Brooks that the Honorable Ferguson was merely suffering a temporary political eclipse due to a slight geographical error, or in the words of the renowned Harvey Morphy, like Christopher Columbus (or Phil) he didn't know where he was going when

he got started, didn't know where he was when he got there, and didn't know where he had been when he got back.

After an galvanizing debate on the nationality of Samuli Huttunen (one bird had the temerity to state he was a "fish-eater from Ville de Westville"), and three rousing cheers and a tiger for "Respectfully Julia," the meeting adjourned to test the hospitality of the genial boniface "Northern Lights" Kapetyn.

Yours respectfully (also for the editor), D. ROBERTSON.

P.S.—Is the alleged epidemic of Enbolitis in Coleman showing any signs of abatement?

**RURAL TEACHERS HAVE SUFFERED SALARY CUTS**

A. W. Barnett, secretary of the Alberta Teachers' Alliance, answering Hon. Bertha Baker, minister of educa-

tion, has issued a statement at Edmonton to the effect that rural school teachers have already suffered a salary cut of 40 per cent approximately and there is no need for either reductions or elimination of statutory minimum salary in Alberta.

"In many cases where efforts are being made to abolish the minimum, it is not an absolute minimum now. The school inspectors, who are specialists in school affairs, have the power to investigate the financial affairs of any district unable to pay, the minister may approve the engagement of a teacher at a lower rate.

"The point of view of the teacher is that they are prepared to make a sacrifice where the circumstances justify it."

Among those taking part in the St. David's Society banquet and programme at Calgary last night were Mrs. Dave Thomas and Mr. T. B. Jones, of Hillcrest.

Japan has defied the League of Nations and is bound to fight. Of course, we all know that if Japan and China fights, it will likely draw in Russia and the United States. Anything that affects the United States will affect Canada. It might momentarily stimulate prices and industrial activity, but such a stimulus would be a costly "economic narcotic." While there are a lot of the Canadian veterans who would like to see the American have to really dig in and win a war for themselves, those of more sober reflection shudder to think of another possible world conflict.—Clareholm Local Press.

## Here and There

"The decrease in freight car loadings which began in 1930 has continued almost unintermittently. In 1931 up to the end of the first week of December, 538,538 less freight cars had been loaded on all Canadian railways than for the same period of the previous year. During the same period of this year 274,016 less cars were loaded than in 1931. The decline in passenger business has been relatively the same. The resultant effect upon railway earnings has been naturally disastrous. For the first ten months of 1931 Canadian Pacific gross revenue declined 22.1 per cent. as compared with that of 1930. For the first ten months of this year now closing there was a further decline of 15.4 per cent. The decline continues, and there certainly appears to be no evidence in sight that for many years we shall see them entirely eliminated and our earnings back where they were in 1928."—E. W. Beatty, K.C., Chairman and President, Canadian Pacific Railway, in his review of 1932.

In the vanguard of the winter vacation traffic to the South Seas and the Orient, the Canadian Pacific liner "Empress of Japan" cleared the Narrows at Vancouver January 14 with a list of 411 passengers.

Recent payment by Great Britain of \$95,550,000 war debt instalment, reminds old-timers of the war days when \$100,000 in gold was shipped by Canadian Pacific Express from Asia to England, via Canada, and was carried across the Dominion on a special Canadian Pacific train, having absolute right-of-way. The train travelled without lights and was protected by scores of armed guards.

"Dark and uncertain as the outlook may appear to the casual observer, I still think that in this wider field the year has not been without important developments leading towards trade stabilization and encouragement."—E. W. Beatty, K.C., Chairman and President, Canadian Pacific Railway, in his review of 1932.

"Through intelligent education the economic and social utility of war will eventually be recognized," is the view of Sir Norman Ansell, British economist and dispenser of war illusions. He sailed recently by Canadian Pacific liner "Montrose" after a lecture tour in the United States.

Of the 4,046,512 pounds of canned pineapple consumed in Canada between April 1 and November 30, 1932, all but 153,933 lbs. came from countries within the Empire, nearly half the total being from the Straits Settlements.

Illiteracy in Canada is near the vanishing point. According to the last census in 1931, 92.34 per cent. of the population of Canada over five years of age could either read or write. Students enrolled in Canadian schools in 1931 numbered 252,747.

The Canadian Pacific Railway Company's tax bill for the year was almost six million dollars, bringing its total contribution to Canada's tax collectors since incorporation to about \$116,000,000.—E. W. Beatty, K.C., Chairman and President, Canadian Pacific Railway, in his review of 1932.

### HUMBLE TOMATO CAUSES

#### INTERNATIONAL CONCERN

It had to be the tomato, of all things, that caused a recent international problem. It seems that fruit juices going into the United States are subject to duty, but vegetables are not. Therefore it had to be decided whether tomatoes were a fruit or a vegetable. It was an anxious time for the tomato. But it's all over now. The tomato is a vegetable, even if it does produce a juice. As far back as 1781 tomatoes were in the news. It was first found in the West Indies and Mexico under the name of "xitomates" or "xitomatons" though that would never be suspected today. However, it wasn't until well on into the 19th century that the tomato came into general and popular use. It was after that that vitamins became a fad. It just seems as if one thing can't help leading to another.

### A PROFITABLE BUSINESS

(or, The Value of 1-2-3)

A girl of Sixpenny Beer, and please to lend my Mother a Jug, and will you put it in the warmer for a minute, as our fire has gone out? And please give me a bit of Ground Ginger in a paper, chance you put too much in, and send my Father a Pipe, and lend our Bill today's "War Cry," and tell our Susie what time it is, and Mother will send you the 1-2-3 on Saturday. (An old English carol)

## EVERYTHING IS FOR THE BEST

There came to the Herald office on Thursday of last week a printed circular having to deal exclusively with the feelings of the "Hunger Marchers," who were refused permission to parade the streets of Edmonton on December 20th last.

The sheet is "red" in the extreme. It demands the withdrawal of the R.C.M.P. from Alberta and refers to that efficient force as "The Canadian Cossacks." A boldly printed headline reads "Down With The Brownlee Government" and a boldly printed footnote reads "Demand the immediate and unconditional release of all hunger marchers."

It is most interesting to note, however, that the entire circular reads as though it were written by a party or parties who felt secure in the knowledge that there would be those who would listen to their dictates. The wording of the several demands does not include the word "us" which would at least convey the idea that the higher-ups were in on the deal. Instead they all start with the word "demand," and the pronoun "you" understood.

It seems strange that there are still people roaming about who are gullible enough to be taken in by such rackets as this. The ringleaders are nearly always well paid for breeding discontent; and when the final showdown comes it is invariably the "hooray" boys who bear the brunt of things—the instigators of the fuss having long since pulled out with their pockets well lined with greenbacks.

Rulers of the calibre of King Louis XIV. have long since passed into oblivion. Leaders of governments are nowadays elected by the people themselves. No matter what certain groups may think these governmental leaders have the welfare of the country they serve uppermost in their minds at all times. Their every action is determined by the people's own representatives and if allowed to pursue their plan of action there is not the slightest doubt in the world that they will work in the interests of the masses, for after all, the masses are their masters.—Grande Prairie Herald.

### HOLDING UP PROSPERITY

Commenting on "the weary waste involved in dealing with unrelenting issues," Everyman, London, does some straight talking on the question of debts to America. "Everybody outside the demagoguery of American electoral politics knows that the one-way payments to a country whose tariff prevents payments in goods cannot continue. The thing is physically impossible; and the issue, as it still presents itself to the American Congress is an unreal one." The London editor goes on to attempt to estimate of what the American debt policy has cost the world's governments and legislatures in mere waste of time. "Think of the extra burden cast on the already overtaxed prime ministers, and foreign ministers of our own and the other leading European countries... Think of the sand ploughed by the almost equally overworked high officials. Think of all the debates in the parliaments—otherwise so short of time; the accompanying distraction of the public mind by newspapers; the overthrow of a statesman like M. Herriot in the middle of a beneficent premiership." All this would be bad enough were the wrangling about a real issue. But all the dickering has been over a question to which there can be but one answer. That answer is as clear as day, and as certain as the sunrise. And all the world—including the United States of America—knew it, and has known it for many months. Meantime several of the most urgent and vital world conferences have been tragically delayed or virtually snuffed out, and the chariot of prosperity fails to make any of the corners around which it has been so confidently expected these three years and more.—The New Outlook.

# Auditor's Financial Statement Blairmore for the Year

Why teachers look that way was primed for any question the teacher demonstrated at the Central school might ask. Teacher: "How much do this week. The lad attended a hockey two and two make?" Tommy: "A game the night before and was all draw."

The human brain is truly a marvelous thing. It starts working the minute you wake up, and never stops until you get to the office. We don't quite agree with Val when he states that the difference between golf players and bridge players is that the latter use brains.

## Auditor's Certificate

I have audited the accounts of the Town of Blainmore for the year ending December 31st, 1932, and have compared the said accounts with their relative vouchers and certify that in my opinion the foregoing financial statements are properly drawn up so as to exhibit a true and correct view of the financial affairs of the Town, according to the best of my information, the explanations given to me, and as shown by the records, subject to any qualifications mentioned in Auditor's Special Report herewith.

The statistical information contained herein was obtained from the books and records of the Town, or from information supplied by officials of the Town.

Dated at Blainmore, Alberta this 24th day of February, 1933.

(Signed) E. D. BATTRUM, Auditor.

Address of Auditor: 219 B. Burns Building, Calgary, Alberta.

In the Edmonton Journal, recently, J. W. Featherstone related that he sent two cows to the stockyards, for which he received \$9.75. The charge for trucking them there was \$9.50. The check for twenty-three cents was sent to the wrong man. It took a ten-cent telephone call to straighten the matter out. Result: a man recently, he found that his pockets bulged with seven plints of milk. His defense was that he was When a Winnipeg policeman was prospecting for quartz.

## 10,000,000 BOY SCOUTS

The 76th birthday, February 22, of Lord Baden-Powell, of Gilwell, father of the Boy Scouts, and the fact that the movement this year achieves its 25th birthday, attracts new attention to the phenomenal growth of Scout-fing within the life of its founder. Reports presented at the recent annual meeting in London show an enrolment of 2,159,934 Scouts and leaders in no less than 94 countries and parts of the British Empire.

Since the inauguration of the movement in 1908, not less than ten million boys have profited by its training for good citizenship. To this number may be added probably half that number of Girl Guides and Girl Scouts of the resulting sister movement—in all some 15,000,000 young people influenced to realize their best in service, health and friendliness.

Not the least contribution has been that to youth world-understanding by this "Junior League of Nations." Three world gatherings of Boy Scouts and one of Rover (older) Boy Scouts have brought together many thousands of boys of all nations in completely friendly intercourse. The Scout Jamboree of 1929 called to England over 53,000 boys, many from enemy countries of the Great War, for two weeks of the friendliest fraternising. A similar gathering this year will bring other thousands together to offer "adult nations" and their diplomats another example of thousands of boys of many countries living and playing together in complete mutual respect and cordial good-will for two jolly weeks.

Truly a wonderful living monument to a living leader; and one for whom many more years of inspired leadership will be toasted by a practically unbroken world chain of Scout and Guide banquets, celebrating his natal day, and that also of Lady Baden-Powell, world chief guide, on February 22nd.

## NEW TIRE GUARANTEE

### ANNOUNCED

Much of the confusion incidental to tire adjustment claims will be eliminated by a guarantee announced by all standard tire manufacturers. Tire companies believe that no longer will car owners find themselves in dispute with dealers or manufacturers as to the validity of their claims.

The new guarantee, planned to remove all contentious possibilities, warrants tires used in private passenger car service for 9 months or 12 months, depending on the type of tire, and a guarantee certificate accompanies each tire.

All road hazards, excepting punctures and running flat, are covered by the new guarantee and provision is made for a satisfactory repair or a pro rata adjustment based on the terms of the guarantee. It will be seen that under this new warranty, allowance will be made for such injuries as stone bruises, cuts, wheels out of line, faulty brakes, etc., not previously covered by tire guarantee. This is a new and definite advantage to the tire user.

Dealers are now selling tires under the new guarantee and motorists are warned that a certificate should be obtained with each new tire. The new guarantee covers, also, tires sold as equipment on new passenger cars to be used in private service.

Leading tire manufacturers believe the new warranty will result in more satisfactory automobile service through the elimination of disputes and the broadened coverage of the warranty.

## A RECORD SUGAR OUTPUT

The Raymond sugar refinery recently completed one of the most successful seasons of its time. Commencing September the 21st, the factory operation lasted about 125 days, in which was produced approximately 450,000 bags of sugar, or 45,000,000 pounds, with an estimated value of nearly \$2,225,000. A total of 150,000 tons of beets were harvested.

## PHRASEOLOGY IN THE RAW

Reading in the local paper of "making" the article entitled "Making Best of a Bad Job," reminds me of another boogie artist, this one an editor, who went on his usual four-day spree two days before his paper was to appear, leaving his work to the "devil" and proof reader to get the paper out on time. Finding they would be unable to make the grade, they tried to arouse the "boss" and succeeded in getting the fact through his befuddled brain that his reputation or something was at stake and telling him that a funeral and wedding notices were just sent in which they couldn't possibly handle and that he must tackle them at once. So he took his pen in hand and wrote: "Last night, or was it this morning, the whole community were plunged into the deepest sorrow to learn of the sudden marriage of Susan Ketchum and Joe Bowers, which took place in the bridal room of the municipal hospital. The bride looked stunning in her going away dress of purple mauve as she lay in her beautiful white casket surrounded by sorrowing relatives, banked by a garland of mistletoe and carnations. The United minister sang the marriage ceremony which united the happy couple. The late Mrs. Hicks leaves to mourn her loss a daughter, Kate, and a son, Bill, Joe and Kate were given many useful and pretty gifts and will be at home at the funeral parlors of George W. Brisket, who had charge of the funeral arrangements. The Mendelssohn wedding march was played by Miss Grace Hicks to the tune of "When I'm Gone You'll Soon Forget." We congratulate the happy couple in their great sorrow. In the midst of death we are in life. Bill, the bride, is a cousin of the editor's widow and has lived here sixty years. Rest in Peace. A fuller account of the funeral will appear in next week's issue as we are too full of sorrow to do justice to the happy festivities. Once more we say—hello, but not goodnight!"

## WHEN TO STOP ADVERTISING

When every man has become so thoroughly a creature of habit, that he will certainly buy this year where he bought last year. When young and fresher concerns in your line cease starting up and using the newspapers in telling the people how much better they can do for them than you can. When nobody else thinks "it pays to advertise." When the population ceases to multiply and the generations that crowd after you, and never heard of you, come on. When you have convinced everybody whose life will touch yours, that you have better goods and lower prices than they can get anywhere outside of your store. When you perceive it to be the rule that men who never do and never did advertise are outstripping their neighbors in the same line of business. When men stop making fortunes right in your sight, solely through the discreet use of this mighty agent. When you can forget the words of the shrewdest and most successful business men concerning the main cause of their prosperity.

## INCOME TAXES

### AND ABSURDITIES

Certain amendments to the Income Tax Act to be discussed by the House of Commons apparently are included to procure revenue from incomes which, it is being argued, were not adequately reported and assessed around 1917-20. If any improprieties did occur, surely the Act itself is sufficient basis for action. "What we fear," says Saturday Night, "is that incomes legally regarded as untaxable in 1918, 1919 and subsequent years is now to be declared by a new law as taxable. If incomes were lawfully exempt in 1918 and 1919, they should not be taxed fourteen years after. If we are going in for retro-activeness, why not go the whole hog? There was no income tax prior to 1917; why not enact one to apply on all incomes between 1900 and that date?"—Canadian Business.

# VALUE

## THE NEW FORD EIGHT

FAR ABOVE THE PRICE

Look for these features, at FORD PRICES, in the car you buy:

1. V-8 Cylinder smoothness, power and flexible performance.
2. Fully modern style, the lasting good appearance of a 10-coat finish, and rustless steel trim.
3. Attractive long-wearing upholstery and interior finish.
4. Big car roominess and comfort.
5. The riding comfort of self-adjusting shock absorbers plus the quietness of extensive rubber insulation.

### CONDITIONS IN RUSSIA

Moscow, Jan. 5.—Instances of oppression which reveal the depths to which the population of this Capital of Soviet Russia has been plunged are to be observed every day in this mid-winter season. Outrages are perpetrated daily by the police.

An occurrence recently in the famous open market of the Sukharior Tower illustrates Communist police methods. Officials of the Moscow, the Board of Trade, telephoned to all of the co-operative stores, instructing them to sell as much as they wished to all comers. Naturally, retailers came to the market in great numbers to buy up food stuffs to the despair of the regular customers. Then the GPU acted. Police swooped down on the market and arrested great numbers, seizing their wares. Thus the government once more has come possessed of about \$100,000 worth of goods, the retailers were compelled to pay huge fines and the goods were resold by the co-operatives.

Two women stood on a street corner bemoaning conditions. One of them said: "What a devil of a life we lead. We work like beasts and receive nothing to eat but a piece of bread, and to get that you have to stand in line for hours. If your children cry for something to eat, you can't buy them anything in the cursed co-operatives where they only keep empty boxes."

### GRAIN AS A SOURCE OF FUEL

The man at the wheel, who pays high taxes on motor fuel, has a natural interest in the proposals which keep cropping up to convert cereal grains into alcohol for mixing with automobile gasoline. Research men have found the alcoholic yield of wheat to be very high and the performance of automobiles using grain alcohol mixed with gasoline to be quite satisfactory. Boosters of the grain-fuel idea would request a law to make the mixing of alcohol and gasoline compulsory. It is said a number of foreign countries already require such a mixture, thereby taking care of excess grain and potato crops.

### LAST WORDS OF FAMOUS MEN

Italeigh. (to the executioner who was hesitating): "Why dost thou not strike? Strike, man!"  
George Washington: "It is well."  
Byron: "I must sleep now."  
Dr. William Hunter: "If I had strength enough to hold a pen, I would write how easy and pleasant a thing it is to die."

Earl of Chesterfield (famous as an author of good manners): "Give Dayrolles a chair."

Cromwell: "It is not my design to drink or sleep, but my design is to make what haste I can to be gone."  
Edgar Allan Poe: "Lord, help my soul."

Ludwig van Beethoven (who was deaf during his later years and composed many works without being able to hear them): "I shall hear in heaven."

Thomas Jefferson: "I resign my spirit to God, my daughter to my country."

John Keats: "I feel the flowers growing over me."

Roswell: "Put out the light, please."

John Burroughs: "How far are we from home?"

Henry Thoreau: "I leave this world without a regret."

O. Henry (with the words of a popular song in mind): "Turn up the lights; I don't want to go home in the dark."

Rebels: "Let down the curtain, the force is over."

Uncle Sam: "We won the war."

### WILL CELEBRATE LANDING OF LOYALISTS

Saint John, N.B., Jan. 30.—Ways and means are being considered for celebrating in fitting manner the 150th anniversary of the landing of the Loyalists at Saint John, N.B., on May 18th next.

The Loyalists, who landed at Saint John from the revolted colonies to the south, along with other Loyalists, who settled in other parts of Canada, have played a great part in shaping the destinies of the Dominion. When the lieutenant-governor of New Brunswick, Major General the Honorable Hugh H. McLean, was in Eng-

Dated this 24th day of February, 1933.

(Signed) E. D. BATTRUM, Auditor.

Address of Auditor: 219 P. Burns Building, Calgary, Alberta.

land, he showed to H.R.H. the Prince of Wales the warrant given by King George III. for all Loyalists to use the letters "U.L." (United Loyalists) after their names. A boulder at the bottom of King Street, the locality being known as the Market Slip, marks the spot where the Loyalists landed at Saint John on May 18, 1783.

### A VOCABULARIC DUEL

A Kentucky lawyer was standing on the steps of the Covington Post Office the other day, when an old colored man came up and, touching his hat, asked:

"Kin you tell me, is dis de place where dey sells postage stamps?"

"Yes, sir; this is the place," replied the lawyer, seeing a chance for a little quiet fun; "but what do you want with postage stamps, uncle?"

"To mail a letter, sah, of course."

"Well, then, you needn't bother about stamps; you don't have to put any on this week."

"I don't?"

"No, sir."

"Why—for not?"

"Well, you see, the conglomeration of the hypothenuse has differentiated the parallelogram so much that the consanguinity don't emulate the ordinary effervescence, and so the government has decided to send letters free."

The old man took off his hat, dubiously, shook his head, and then with

a long breath, remarked: "Well, boss, all dat may be true, an I don't say it ain't; but just spose dat de eccentricity of de aggregation transubstantiates de ignominiousness of de puppindickler and sub-

quences—don't you qualificate dat de government would confiscate dat dare letter? I guess I'd jest better put some stamps on anyhow, fer luck!"

And the old man passed solemnly down the street.

### PROVERBS OF FRANCE

To unstring the bow is not to heal the wound.

He who would reckon well should count on nothing.

When bad people prosper 'tis the gods are criminal.

The horse which draws most is most whip'd.

In love, the one first cured is the most completely cured.

We must have reason for speech, but we need none for silence.

Chance makes parents, choice makes friends. The heart has its reasons which reason knows not. The most wasted of all days is the day when we have not laughed. He has everything who is content

with nothing. The world always ends by condemning those whom it accuses.

### THE OTHER SIDE

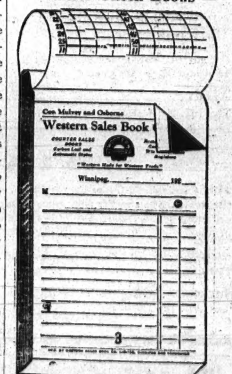

Two weeks ago there appeared in the Review an editorial drawing to the attention of readers to the advisability and wisdom of supporting the local merchants. A few hours after the paper was out, the writer met one of our citizens who said the editorial was fine, but he suggested that we follow it up with another, advising all those whose cause we were championing, to deal at home themselves. This citizen claimed that there is not the co-operation among the business men themselves that there should be and he instanced a case where he said one merchant didn't deal locally, and that the merchant's reason was: "because the other merchants didn't deal with him." So there you are. Now that we know each other's faults, let us all get down to business and all do our part to make 1933 a real record community spirit year for Redcliff—Redcliff Review.

One of the churches in a little western town has a young woman for its pastor. She was called to the door of the parsonage and saw there a much embarrassed young farmer of the German type. "Dey said der minister lifted in dis

house," he said. "Yes," replied the fair pastor. "Vel I—I want to kit merrit." "To get married? Very well; I can marry you." "Oh, but I got a girl already," was the disconnected reply.—Sunday School Herald.

Loss of a finger or ear is a possible penalty for non-payment of taxes in Belgian Congo.

### BELLEVUE HAPPENINGS

Dr. Groff, of Calgary was a business visitor in town Wednesday.

The Blairmore Young People's Club visited Bellevue on Wednesday evening, and played the local boys and girls in two fast and snappy games of basketball. The local girls defeated the visitors 40-30 in a thrilling game. The girls had the edge of the scoring, but the Blairmore girls worked hard and kept them from piling up a larger score. Miss Rae was injured when she attempted to catch a high ball and fell, hurting her back. She had to be removed to her home. The Y.P. boys' team played the locals in the second game, losing by 29-17. This game was very fast from the first whistle to the last. Blairmore's combination was working

**Blairmore Lodge No. 68,**  
I. O. O. F.  
Meets First and Third Tuesdays at 8 p.m. in the Oldfellows' Hall. Officers for the ensuing term: A. Deoux, N.G.; J. A. McKay, V.G.; A. M. McKay, recording secretary.

**Livingstone Lodge No. 22,**  
KNIGHTS OF CYTHIAS  
Meets in the Castle Hall on the Second and Fourth Fridays of the month at 8 p.m. Visitors are always welcome. Officers: G.C. Thos. Gale, R. or R. S. & S. S. Sennier.

**BLAIRMORE LODGE NO. 15**  
B. P. O. ELKS  
Meets Second and Fourth Tuesdays at 8 p.m. in the Lodge Hall. Visitors made welcome. J. R. McLeod, E. R. John A. Kerr, secretary.

### COWLEY HAPPENINGS

While travelling on the highway south of Pincher Creek on Friday night in a terrific dust storm, Harry Prattton drove his car into the railing of a bridge, not being able to define the road in the blinding storm. The car was badly damaged when it overturned off the embankment into the ditch. Mr. Prattton was knocked out for a while, he doesn't know for how long, as he was alone at the time. However, he received no serious injuries, save a good shaking up, which left him a bit stiff and sore for a day or so.

The Busy Bee Club was entertaining by Mrs. Harold Cleland at her home on Tuesday night. Most of the members are busy doing some sort of knitting.

Mrs. Ed. Cowin will entertain the Ladies Aid of the United Church at her home on Thursday afternoon of this week.

A meeting of the village council was held on Tuesday night, when H. C. Morrison was re-elected mayor and M. A. Murphy was re-elected secretary-treasurer. Following a discussion on town taxes and the town water question, the tax rate was set at fifteen mills.

The annual meeting of the Women's Institute was held at the home of Mrs. George Porter on Thursday night. After routine business was dismissed, Mrs. R. Littleton was re-elected president, and Mrs. A. J. Snyder was re-elected secretary-treasurer.

Carpenters are now busy remodeling the parish room of the Anglican church.

Mrs. I. Christie is a Calgary visitor at present.

Mr. and Mrs. William Cochrane and Robert, of the North Fork, spent the week end as guests of Mr. and Mrs. Archie Swart and family here. L. V. M. Peel, Master Bob and Little Miss Patsy Peel, of Blairmore, were Cowley visitors on Monday.

Members of Chinook Lodge No. 27, A.F. & A.M. and Ladies were at home to their friends in their lodge hall on Thursday night last. The first part of the evening was taken up with progressive whist prizes being won as follows: ladies' first, Mrs. A. M. Connelly; consolation, Mrs. C. McKerral; gent's first, Mrs. G. Porter; consolation, W. R. Cochrane. After a dainty supper, the rest of the evening was given over to dancing, and an enjoyable time was voted by all. Among those present were: Mr. and Mrs. Cochrane, Mr. and Mrs. A. G. Swart, Mr. and Mrs. H. C. Morrison, Miss Jean Morrison, Mrs. Elsie Duffield, Mr. and Mrs. F. A. Tustian, Mr. and Mrs. G. Bradshaw, Mr. and Mrs. J. J. Bundy, Mr. and Mrs. Murphy, J. Wilson, Mrs. I. Christie, R. Alexander, Miss Doris Macgregor, Miss McWilliams, Fred Snyder, Mr. and Mrs. A. Betts, Ted Betts, Miss J. Helboin, Tom Dwyer, Mr. and Mrs. C. McKerral, Miss Elsie McKerral, Mr. and Mrs. A. M. Connelly, W. Bennett, Mr. and Mrs. J. A. Welsh, Wilfred Welsh, Mrs. Nelson, Miss Nola Nelson, Mr. and Mrs. H. Rhodes, Mr. and Mrs. G. W. Penn, Miss Violet Penn, Mr. and Mrs. C. H. Mendie, Mr. and Mrs. M. Denmore, Mr. and Mrs. W. Ritten, Mr. and Mrs. Chas. Patton, Miss Margie Patton, Mrs. C. Swanson, Miss Erma McDonald, W. Anderson, Mr. and Mrs. A. H. Freeman, A. C. Thomson, Mrs. G. Porter, Miss Phyllis Porter, Sandy Porter, Mr. and Mrs. W. Berry, Malcolm McMillan and Mr. and Mrs. J. F. Smith.

Neil McCallum, road superintendent, says that the big slide at Morrissey will be cleared and the road open to traffic in about two weeks time, but that there will be piles of snow at that point all summer. Gangs of men are at work on both sides of the slide and they are using saws to cut out big squares of the almost solid ice with which the road is blocked.

## CONSOLIDATE RAILWAYS BEATTY URGES

Canadian Pacific President Outlining Railway Policy Says it Would Relieve Taxpayers of Intolerable Burden

"I only mean that we must not only limit our capital expenditures to those that are essential or that will produce a reasonable return in the near future, but we must reduce our present mileage to accord with the actual needs of transportation and of national development, and we must at the same time eliminate all expenditures designed to secure traffic for a competing railway rather than provide a necessary service for the public. These results can, in the view I take, only be attained if we consolidate our two railways into one system with one management."

"The conclusion appears inescapable that a means must be provided for making the necessary economies without prejudicing the public interest, and the control and management should be accompanied by a proper measure of responsibility on some agreed basis either by the Government to the Canadian Pacific and its shareholders, or by the Canadian Pacific to the Government in return for its railway burden. By no other means can we secure a sound business conclusion in respect of our railway undertakings and relief to the taxpayers of Canada."

In these words E. W. Beatty, E.C., Chairman and President, Canadian Pacific Railway, speaking before the Toronto Canadian Club recently, summed up his considered judgment of the only possible solution to Canada's emergency railway problem.

Mr. Beatty, in leading his conclusion, declared that the railway problem is now more gravely vital to Canada's future than at any other time, "and," he said, "one again and again the yardstick of political expediency is being hauled out to test the rightness or wrongness of suggestions designed to relieve Canadians of what has become an intolerable burden. The tragic humor of stubbornly adhering to former policies, and of accepting advice from those who have consistently erred in matters of railway policy since Confederation, was but another indication of how slowly political expediency, assumed or real, died."

Mr. Beatty showed that these policies ran the gamut from early and unwise concession to the construction of the Canadian Pacific, to enthusiastic support of unrestrained competition from Government Railways, and the construction and maintenance of duplicate and even triplicate facilities.

Two previous efforts had been made to forestall the debt and tax situation arising out of the present railway situation. In 1921 Lord Shaughnessy, then President of the Canadian Pacific Railway, established his breadth of vision and his vision, by recommending that the outside enterprises of the

Canadian Pacific should be separated from its railway and ancillary enterprises, and that the Government should acquire the railway properties of the Company, guarantee a certain fixed return to its shareholders, and, having acquired the G.T.P., Transcontinental, Canadian Northern, and Intercolonial Railways, should enter into a contract with the Canadian Pacific to administer and operate the property on account of the people of Canada. At that time Lord Shaughnessy pointed out the dangers of the public ownership and political management of the railways.

If Lord Shaughnessy's plan had been accepted, many hundreds of millions of dollars would have been saved to Canada.

In 1925 the Senate of Canada made a very thorough investigation of the railway situation, and after a most comprehensive report, strongly recommended the merging of the two railway systems for operation and administration by the Canadian Pacific Railway. "May I suggest to you again," Mr. Beatty emphasized, "that if the Senate's report had been acted upon, several hundred million dollars would have been saved to this country."

In dealing with the report of the Duff Commission, Mr. Beatty said that "the conclusion is inescapable; that the Commission's recommendations were, in part at least, based on their own estimate of Canadian public sentiment towards the important question of public ownership, competition, and of railway monopoly."

This was unfortunate, and he suggested that if the assumed political expediency of any plan was to be the test of its adoption, the creation of a Royal Commission would not have been necessary. The work of the Commission was important, but it did not provide any adequate solution, or ground for much hope to the sadly burdened Canadian taxpayers. The Commission's chief recommendation was the continuance of competition, qualified by co-operation, and enforceable by compulsory arbitration. The Canadian Pacific was willing to co-operate, but was not willing to root its future in the hands of an arbitrary tribunal, on which it would only have a minority representation, and which could not be responsible for the financial consequences of its decisions.

The Canadian Pacific Insurance rates were concerned was regulated by the Board of Railway Commissioners, and its security holders agree to any legislation which would take from them the right to protect their investment. "We regard this," he said, "as a species of blackmail which no Government can justify, and which nothing in the company's history warrants." In conclusion, Mr. Beatty said that the Government could not successfully compete with an enterprise backed by the long purse of the State. Mr. Beatty contended, indicating the waste and loss involved in railway competition between the Government of Canada

and the Canadian Pacific, as proof of his assertion. It was also impossible to have competition and co-operation. "Why debate ourselves into the belief that we are supermen?" he asked.

The report of the Railway Commission showed that the losses on the Canadian National Railways during the ten year period 1923-1932, aggregated approximately \$69,576,000, equivalent to \$253,944 per day. Federal income taxes from individuals during the last ten fiscal years amounted to \$248,274,000 and from corporations \$341,164,000, a total of \$589,438,000, or only \$48,862,000 more than the deficit on the Canadian National Railways.

"Can we afford?" Mr. Beatty asked, "to view such a situation with equanimity, or can we reasonably and decently ask for some relief? Can we regard the question impersonally, and, because the figures of the country's railway losses are so large as to be almost astronomical, can we afford to be indifferent when, based upon the average for the past three years, we lose \$162,000 every minute of time?"

The only way to increase gross revenues would be through increasing rates, and based on 1931 results, it would require a freight increase of 63% to make up the losses of the Government railways of that year. It would require a further increasing expense of almost one half to make up the 1931 deficit, or a wage reduction of 14% to accomplish the same purpose. There were obvious limits to increasing taxation. In 1931 it would have required a 34% increase in income tax to balance the Government Railway accounts, and such increased borrowings could only spell ultimate disaster.

Two main objections were urged by those opposed to amalgamating the railways. First, that such an amalgamation would constitute a virtual monopoly, and secondly, that it would be unfair to employees, in that it would mean a reduction of personnel. Neither of these objections were well founded. In the first instance, a strengthened Board of Railway Commissioners on the one hand, and water and motor competition on the other, would form sufficient restraint. From natural causes, in the event vacancies were not filled, the personnel of the Canadian Railways would be reduced in five years from 85% to 20% and it would not be possible to administer the unified system with a staff of 20% of the present. It is estimated that 75 or 70% of normal, tribute to Canadian public men, cited the serious note of warning included in the Report of the Duff Commission, and said "we have created or inherited a system which is unscientific, unwieldy, unnecessary, and impermissible by our ten million people. We cannot afford it even in normal times, so why not make it as right as it is possible to make it, and why not do it now?"

"Home Brews" constitute a menace to health. There is no substitute for a properly brewed and properly aged Lager Beer.

Lager Beers made for the people in Alberta by The Brewing Industry are fully fermented and aged for months before they reach the public.

vincial department of education.

Mrs. Jollett Houbregts (nee Miss  
Mary Gray) and baby are in town,  
guests of her father, Mr. Robert  
Gray, and aunt, Mrs. George Meggan.

At the end of 1932 there were  
5,042 people on the list for old-age  
pensions in Alberta. The total paid  
out last year in pensions was \$1,090,  
475.

The twenty-fourth annual world  
Rotary convention is to be held in  
Boston, Mass., June 26 to 30. More  
than sixty countries will be repre-  
sented.

Mrs. A. Snow has returned to Fer-  
nie from Edmonton, where she had  
been called by the death of her mother,  
Mrs. James Stevens, former resident  
of Coal Creek.

A PANTRY SALE is being held  
by the Rebekah lodge on Wednesday,  
March 8th, from 3 to 6 p.m. in the  
lodge hall. Don't forget the whist  
drive in the evening at 8 o'clock.

We received a letter from a friend  
of ours in British Columbia the  
other day, saying that he was suffer-  
ing from an enlarged guitar (meaning  
goitre, of course). Well, we have  
often heard of people suffering from  
the saxophone and bagpipes, but this  
constitutes a new complaint.

TEA and SALE of home cooking,  
under auspices of Rebekah lodge No.  
66, will be held in the lodge hall,  
Wednesday, March 8th, from 3 to 6  
p.m. A whist drive will take place  
in the evening.

C. Sartoris has purchased three  
main street lots, immediately east of,  
and adjoining the court house prop-  
erty, upon which he will erect a modern  
gas and service station, to be oper-  
ated by Messrs Headach and Peck.

Inspector F. J. Mead, of Vancou-  
ver, has been appointed to succeed  
Superintendent Dainin at Montreal.  
Mead was former R.N.W.M.P. officer  
in Blairmore. Mrs. Mead was former-  
ly Miss A. Niven, daughter of the  
late Robert Niven, and former resi-  
dents of Frank.

Otto Palm and Fred Lundberg, of  
Bull River, visited Cranbrook a few  
days ago and deposited gold nuggets  
valued at \$400 in a local bank, which  
they dug from the Bull River blain.  
This amount was dug since December  
15. They had to cut holes into the  
ice in order to get to the bottom of  
the river. Some of these holes were  
six feet deep.—Fernie Free Press.

Our new mayor objects to being  
called red by the daily press. Well,  
the actions of his council at their  
meeting on Monday, the 20th of Feb-  
ruary, savored very much of what one  
would expect from an element in  
other parts described today as—reds.  
Take, for instance, the "canning" ac-  
tivities. They reminded one of how  
animals are shot down on the prair-  
ies, clod-bloodedly—not even given an  
opportunity to defend themselves.

### TOWN OF BLAIRMORE

#### NOTICE OF ADJOURNED MEETING

The adjourned meeting of the  
Ratepayers of the Town of Blair-  
more and Blairmore School District  
628 will be held in the High School  
Building on Tuesday, March the 7th,  
at 7:30 p.m., when the auditor's re-  
ports and financial statements will be  
read.

A. J. KELLY,  
Secretary-Treasurer.

### Stop Taking Soda!

For Gas On Stomach  
Much soda disturbs digestion. For  
gas or sour stomach Adierka is  
much better. One dose ridrs you of  
bowel poisons that cause gas and  
bad sleep. Blairmore Pharmacy.

WHIST DRIVE and SOCIAL, aus-  
pices Pythian Sisters, Lodge hall,  
Friday, March 3rd, at 8 p.m. Ad-  
mission 25c.

Apparently Canada has only three  
"godly" provinces, the three that d-  
ecided to close all liquor stores on Ash  
Wednesday.

L. D. Taylor, mayor of Vancouver,  
voluntarily slashed his salary from  
\$5,000 to \$4,000. Last year he re-  
ceived \$4,500.

A PANTRY SALE is being held  
by the Rebekah lodge on Wednesday,  
March 8th, from 3 to 6 p.m. in the  
lodge hall. Don't forget the whist  
drive in the evening at 8 o'clock.

The many Pass friends of Archie  
McTeer were glad to greet him here  
this week. Archie is an old favorite  
in sport, and was glad of the op-  
portunity of coming down to act as re-  
feree and at the same time renew ac-  
quaintances.

TEA and SALE of home cooking,  
under auspices of Rebekah lodge No.  
66, will be held in the lodge hall,  
Wednesday, March 8th, from 3 to 6  
p.m. A whist drive will take place  
in the evening.

A decrease of 584 in jail popu-  
lation was shown as between 1932 and  
1931 in the recent report covering  
provincial penal institutions. The  
total admitted to provincial jails in  
the 1931-32 fiscal year was 2,928 per-  
sons, compared with 3,512 the pre-  
vious year.

We are asked to announce the mar-  
riage of David Kemp, junior, to Lil-  
lian Smaek, both of Blairmore,  
which took place in Calgary, on Oc-  
tober 1st, 1932, the Rev. W. T. Young  
tying the nuptial knot.

E. D. Batttrum, town auditor, was  
here last week end, making the an-  
nual audit of the books and affairs of  
the Town of Blairmore and Blairmore  
School District. He completed his  
work and left for Calgary on Satur-  
day. He was accompanied as far as  
Macled by Mayor Knight.

Germany is now under a state of  
martial law, following the arrest of  
about one hundred Communist mem-  
bers of the government, held respon-  
sible for serious fires around govern-  
ment buildings. In a raid upon the  
Communist headquarters, large  
quantities of campaign literature  
were seized.

Mr. and Mrs. W. S. Knight accom-  
panied the Luscar hockey team to  
Blairmore, and returned home yester-  
day, after taking in one game here  
and visiting old friends in the Cowley  
and Lundbreck districts. Walter was  
a former resident of Cowley, where  
he conducted a general store in the  
old days in premises now occupied by  
the Doukhobors.

Fernie expects to lose two of its  
ministers of the gospel shortly. Rev.  
Milton, of the Baptist church, ex-  
pects to leave in the spring for his  
farm in the Peace River district  
where he was formerly stationed, and  
the Rev. D. Gray, of the United  
church, is looking for a change, we  
understand in eastern Canada. Both  
these gentlemen are outstanding citi-  
zens and their congregations should  
make every effort to try and get them  
to remain.—Fernie Free Press.
